

BPCL Ensures Uninterrupted Fuel Supplies Across Delhi; Availability Remains Stable Across Retail Network

New Delhi, June 06, 2026: Bharat Petroleum Corporation Limited (BPCL), a Fortune Global 500 company and a Maharatna PSU, continues to ensure uninterrupted energy availability across Delhi through its extensive supply chain and robust retail network, maintaining stable supplies of Petrol (Motor Spirit), Diesel (High-Speed Diesel), CNG, and LPG across the National Capital.

As Delhi's economic, commercial, and transportation activities continue uninterrupted, BPCL has maintained seamless energy supplies across its retail outlets and distribution network, ensuring that consumers, businesses, transport operators, and essential service providers have reliable access to fuel and LPG.

Fuel availability across BPCL outlets in Delhi remains stable, supported by regular stock replenishment and efficient logistics operations. The Company's integrated supply chain continues to operate smoothly, ensuring that fuel stations and LPG distribution channels across the city are adequately equipped to meet consumer demand.

During **May 2026, Petrol (MS) sales in Delhi crossed 27,800 MT, compared to over 27,100 MT during the corresponding period last year,** registering a **growth of approximately 2.5%.** **Diesel (HSD) sales** also recorded steady growth, reaching over **16,500 MT compared to more than 16,100 MT in May 2025,** reflecting a **growth of approximately 2.9%.** BPCL also supplied over **33,400 MT of CNG during the month,** supporting Delhi's extensive public transport network, commercial vehicle fleet, and growing adoption of cleaner mobility solutions.

In addition to transportation fuels, BPCL continues to cater to a large LPG consumer base across Delhi. During **May 2026, BPCL supplied over 7.7 lakh Domestic LPG cylinders,** along with more than **18,000 Commercial LPG cylinders and over 22,000 FTL LPG cylinders,** ensuring uninterrupted energy access for households, restaurants, hotels, institutions, and commercial establishments across the city.

The sustained demand for fuel and LPG reflects continued economic activity, robust mobility patterns, expanding commercial operations, and growing energy requirements across residential, transportation, and business segments.

Commenting on the performance, a BPCL spokesperson said, *"BPCL remains committed to ensuring reliable and uninterrupted energy supplies across Delhi. Our supply chain and logistics network continue to operate efficiently, enabling us to maintain adequate availability of fuels and LPG while meeting the evolving energy requirements of consumers and businesses. We will continue to closely monitor demand patterns and ensure seamless energy access across the National Capital."*

BPCL's fuel stations and LPG distribution network across Delhi continue to function normally, supported by regular product movement, efficient inventory management, and coordinated logistics operations.

With a strong focus on customer service and operational excellence, BPCL remains committed to powering mobility, supporting economic activity, and ensuring reliable access to energy products for millions of consumers across Delhi every day.

About Bharat Petroleum Corporation Ltd. (BPCL):

Fortune Global 500 Company, Bharat Petroleum is the second largest Indian Oil Marketing Company and one of the integrated energy companies in India, engaged in refining of crude oil and marketing of petroleum products, with presence in the upstream and downstream sectors of the oil and gas industry. The company attained the coveted Maharatna status, joining the club of companies having greater operational & financial autonomy.

Bharat Petroleum's Refineries at Mumbai, Kochi and Bina have a combined refining capacity of around 35.3 MMTPA. Its marketing infrastructure includes a network of installations, depots, fuel stations, aviation service stations and LPG distributors. Its distribution network comprises over 25,300+ Fuel Stations, over 1000+ CNG stations, over 6,250+ LPG distributorships, 440+ Lubes distributorships, 81 POL storage locations, 56 LPG Bottling Plants, 81 Aviation Service Stations, 5 Lube blending plants and 6 cross-country pipelines.

Bharat Petroleum is integrating its strategy, investments, environmental and social ambitions to move towards a sustainable planet. The company has Electric vehicle charging stations at 6800+ Fuel Stations. With a focus on sustainable solutions, the company is developing an ecosystem and a road-map to become a Net Zero Energy Company by 2040, in Scope 1 and Scope 2 emissions. Bharat Petroleum has been partnering communities by supporting several initiatives connected primarily in the areas of education, water conservation, skill development, health, community development, capacity building and employee volunteering. With 'Energising Lives' as its core purpose, Bharat Petroleum's vision is to be an admired global energy company leveraging talent, innovation & technology.
