Fanning the Winds of Change: BPCL Awards Contracts for Setting Up 100 MW Windfarm Projects

Mumbai, May 7, 2025: **Bharat Petroleum Corporation Limited (BPCL)**, a Fortune Global 500 company, and one of India's leading oil and gas companies, announced today, that they have awarded contracts for the development of 100 MW Windfarm Projects—50 MW each in the states of Madhya Pradesh and Maharashtra. This initiative is a major step in BPCL's strategy to transition to renewable energy and reduce reliance on imported fossil-based power.

The Letter of Award (LOA) has been issued to **M/s Suzlon Energy Limited** for the 50 MW wind project in Madhya Pradesh and to **M/s Integrum Energy Infrastructure Limited** for the 50 MW project in Maharashtra. These projects are expected to be completed and commissioned within two years.

The wind farms will cater to the **captive power requirements** of BPCL's **Mumbai Refinery (Maharashtra)** and **Bina Refinery (Madhya Pradesh)**, thereby substituting conventional fossil-based energy sources with clean, renewable wind energy.

This initiative marks a crucial milestone in BPCL's **Renewable Energy roadmap**, which envisions an ambitious **10 GW portfolio by 2040**. These efforts align with BPCL's broader target of becoming a **Net Zero energy company in Scope 1 and Scope 2 emissions by 2040**.
