PREFERENTIAL ALLOCATION TO CSM & DEPs HAVING LTOA

- Cooperative Sugar Mills (CSMs) under National Federation of Cooperative Sugar Mills (NFCSF)

AND

- DEPs (LTOA) with OMCs and are commissioned to annual offtake quantity.
- Allocation of additional quantity (beyond annual offtake quantity) offered shall be done as per allocation criteria applicable for non-DEPs.

ALLOCATION METHODOLOGY & ALLOCATION CRITERIA

- The following States and Union Territories shall be mapped as Zones for the allocation methodology.

All North-Eastern States (8 States)

Punjab / Chandigarh

Tamil Nadu / Puducherry

Gujarat / Dadra Nagar Haveli and Daman & Diu

Jammu and Kashmir / Ladakh

All other balance states / union territories - standalone zones.

- Total offered quantity is less than total requirement of OMCs for the said quarter entire quantity offered by the vendors for the quarter shall be considered for allocation. The cluster wise requirement shall be reduced proportionately to ensure that all locations PAN India get equitable allocation percentage.

ALLOCATION METHODOLOGY & ALLOCATION CRITERIA

The total offered quantity is more than total requirement of OMCs Zones, where the offers from the distilleries located within the zone are less than the requirement of that zone, they shall be considered as Deficit zones. For these zones, offers from the vendors shall be accepted in full for allocation.

- The zones where the offers from the vendors located within the zone is more than the requirement of that zone, they shall be considered as Surplus zones. For these surplus zones,
- Post priority allocation, the balance requirement after considering CSM and DEP preferential quantities as mentioned above, non-preferential offers of DEPs and quantities offered by other non-DEP vendors shall be considered for allocation as per the following feedstock priority i.e. Sugar/Sugar Syrup/Sugarcane Juice → B-Heavy Molasses & C-Heavy Molasses → All other feedstocks.
- After meeting the quantity requirement of all the surplus zones as mentioned above, balance offers of the vendors in surplus zones shall be considered for meeting the balance requirement of deficit zones. Balance offers shall be accepted in a proportionate manner (across all feedstocks) i.e. Total Balance Requirement.

ALLOCATION METHODOLOGY & ALLOCATION CRITERIA

- Post acceptance of the offered quantities as above (as per the quarterly requirements published for each quarter / period), allocation run will be done for most optimal transportation cost without considering any boundary limit for supply / movement of ethanol.
- The bid filtering and allocation run shall be done independently for the state of Uttar Pradesh since there is an excise regulation which restricts ethanol supplies from outside the state of Uttar Pradesh.
- The allocation run will be done using Optimizer Software developed by Accenture in IEMS using Linear Programming logic with the following conditions:
 - Minimum 40 KL allocation to any vendor for an OMC location.
 - Minimum 3 Vendors to be allocated to an OMC cluster and maximum.
 - 40% of the cluster's requirement can be assigned to 1 Vendor.
 - Minimum 2 Clusters to be allocated to each vendor.

SECURITY DEPOSIT

- Security deposit = 3% of Basic LOA value [(Basic Rate of Ethanol + Incentive) x LOA Qty]
- BG/ retention of SD amount from initial invoices within 10 days of issuance of LOA.
- Rollover / New BG Can be submitted.
- Expired BGs of ESY24-25 will be returned to the vendor post reconciliation on submitting request to respective Zone/State Office.

PRICE REDUCTION CLAUSE

The modalities for PRC shall be as under:

- ✓ The quarterly PO Quantity shall be pro-rated monthly, applicable to vendor for supplies.
- ✓ Vendors shall strictly adhere to the supply schedule, i.e., day-wise indent if provided by the OMC location or otherwise the monthly pro-rata PO Quantity.
- ✓ If supplier accepts the indents more than the monthly prorated quantity given by OMC locations, PRC will be applicable on such increased indents also.
- ✓ PRC shall be calculated monthly, OMC location-wise, and reconciled at the end of each Quarter / Supply Period / Ethanol Supply Year (ESY).

➡ **PRC applicability:**

- PRC shall not be applicable if the Vendor achieves at least 95% of the Monthly Indent Quantity / Pro-Rated Monthly PO Quantity (after applying the 34 KL tolerance).
- If the above conditions are not met, a Price Reduction @ 3% of the Basic rate including incentive (if any) shall be levied on the shortfall quantity.
- The shortfall : 95% of the Indented / Pro-Rated PO Quantity minus actual supplied quantity, subject to the 34 KL tolerance.

OTHER T&C

- NON-ACCEPTANCE OF LOA / CONTRACT / PURCHASE ORDER
- PAYMENT TERMS - 100% Payment shall be made within 21 days
- CHANGE OF DISTILLARY
- DIVERSION OF ALLOCATED QUANTITY – SOLE DESCRIPTION OF OMCs
- PROCUREMENT OF ADDITIONAL QUANTITY: 10%
- FEEDSTOCK CERTIFICATION
 1. State Excise Certification
 2. If excise officer is not positioned, then Vendors need to submit documents as per Annexure-A or Annexure-B duly certified by TPIA
<https://nabcb.qci.org.in/product-certification/>
- SUPPLY / DELIVERY OF ETHANOL

IEMS PORTAL – VENDOR ACTIVITIES & OBLIGATIONS

- **IEMS Portal Link:** <https://portal.ethanolforindia.com>
- Ensure registration on the Portal for participating in any quantity bid requirement floated by OMCs.
- CTO and PESO licenses update in Portal.
- Feedstock Conversion request / Additional quantity request.
- IEMS modules are to be used for all activities related to ethanol procurement, indenting, dispatches and associated documentation.
- New registered suppliers can access the IEMS by logging on to the IEMS Portal or can also request for the same by sending email to support@ethanolforindia.com.
